(a) Basis of Accounting

1

The financial report is a general purpose financial report, which has been prepared in accordance with the Fund's Constitution and the requirements of the Corporations Act 2001, which includes applicable Accounting Standards. Other mandatory professional reporting requirements have also been complied with.

The financial report has been prepared on an accruals basis and is based on historical cost, except for the valuation of investments in financial assets, which are valued at fair value or amortised cost. Cost is based on the fair values of consideration given in exchange for assets.

Adoption of New and Revised Accounting Standards and Interpretations

The Fund has adopted all new and revised Accounting Standards and Interpretations in the current year. Those standards and interpretations which impact the financial statements are as follows:

Revised AASB 101 Presentation of Financial Statements and Revised AASB 7 Financial Instruments: Disclosures: Require changes to the presentation and disclosures within the financial statements only including the requirement to present a Statement of Comprehensive Income.

The following Standards and Interpretations which have been issued by the AASB that may affect the Fund are yet to be applied:

AASB 9 Financial Instruments: Effective 1 July 2013. Includes requirements for the classification and measurement of financial instruments and at this stage it is not expected to have a material financial impact on the financial statements.

(b) Statement of Compliance

The financial report complies with Australian Accounting Standards and International Financial Reporting Standards (IFRS).

(c) Portfolio Valuation

Financial Assets

Loans and Advances have been classified as loans and receivables and are valued at fair value. Deposits at call are classified as fair value through profit and loss and are valued at fair value.

Financial Liabilities

Liabilities are recognised for amounts payable in the future for goods and services received, whether or not billed to the Fund.

(d) Investment Revenue

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Fund and the revenue can be reliably measured. Specific revenues are recognised as follows:

Interest Revenue

Interest on deposits on call is recognised in accordance with the terms and conditions that apply to the deposit on an accruals basis.

Interest on mortgages is recognised on an accruals basis throughout the term of the loan.

(e) Cash Assets

For the purposes of the Statement of Cash Flows, cash and cash equivalents includes deposits held at call with a bank or financial institution.

(f) Receivables

Receivables include amounts where settlement has not yet occurred. Interest is accrued at the reporting date from the time of the last payment. Amounts are generally received within 30 days of being recorded as receivables.

(g) Payables

Payables are recognised for amounts to be paid in the future for goods and services received, whether or not billed to the Fund, and include distributions payable. The carrying period is dictated by market conditions and is generally less than 30 days.

(h) Taxation

Under current legislation, the Fund is not subject to income tax provided the investors are presently entitled to the income of the Fund and the Fund fully distributes its taxable income.

Expenses incurred by the Fund are recognised at their GST exclusive amount. Amounts recognised as receivables and payables are recognised at their GST inclusive amount. Reduced input tax credits recoverable by the Fund from the ATO are recognised as receivables.

(i) Distributions

In accordance with the Fund's Constitution, the Fund fully distributes its distributable income to investors. Distributions are payable at the end of each quarter. Such distributions are determined by reference to the operating income of the Fund.

(j) Terms and conditions on investors

Each interest issued confers upon the investors an equal interest in the Fund. An investor does not have any interest in any particular asset or investment of the Fund. Investors have various rights under the Constitution and the Corporations Act 2001, including the right to:

- have their interests redeemed,
- receive income distributions,
- attend and vote at meetings of investors, and
- participate in the termination and winding up of the Fund.

The rights, obligations and restrictions attached to each investor are identical in all respects.

12 Financial reporting by segments

The Fund operates in one business segment, being investment activities. The Fund also operates from one geographical location, being Tasmania, from where its investing activities are managed.

13 Subsequent Events

Since 30 June 2010 there has not been any matter or circumstance not otherwise dealt with in the financial report that has significantly affected or may significantly affect the Fund.

14 Financial Instruments

Overview

The Fund's assets principally consist of financial instruments which comprise non quoted fixed interest investments and loans secured by first mortgage. It holds these assets at the discretion of the Responsible Entity in accordance with its investment strategy. The objective of these investments is to provide relatively secure investments together with a competitive return of income.

The allocation of assets as between the various types of financial instruments is determined by the Responsible Entity which manages the Fund's portfolio of assets to achieve the Fund's investment objectives. The composition of the portfolio is monitored by the Responsible Entity on a daily basis.

The Fund's investing activities expose it to the following risks from its use of financial instruments:

- Market Risk
- Credit Risk
- Liquidity Risk

The nature and extent of the financial instruments employed by the Fund are discussed below. This note presents information about the Fund's exposure to each of the above risks and the Fund's objectives, policies and processes for measuring and managing risk.

The Board of Directors of the Responsible Entity has overall responsibility for the establishment and oversight of the Fund's risk management framework.

The Board has established a Management Committee which is responsible for developing and monitoring the Fund's risk management policies, including those related to its investment activities.

The Management Committee meets regularly, usually weekly, to monitor the Fund's asset allocation and performance as well as review loan applications and attend to the management of the Fund generally.

(a) Market Risk

Market risk represents the risk that a financial instrument's value will fluctuate as a result of changes in market prices such as foreign exchange rates (currency risk), interest rates (interest rate risk), and property values (property market price risk). The Fund is not exposed to currency risk as all financial instruments are held in Australian Dollars.

(b) Interest Rate Risk

Interest rate risk is the risk that a financial instrument's value will fluctuate as a result of changes in market interest rates.

The majority of the Fund's financial assets are held in interest bearing assets that are expected to mature within twelve months or in financial assets that reset to the prevalent market interest rate on a monthly or quarterly basis. As a result the Fund is subject to limited exposure to interest rate risk due to fluctuations in the prevailing levels of market interest rates.

The Fund's interest rate risk is managed continuously in accordance with policies and procedures in place by:

- ensuring the Fund has an asset allocation that provides for the effective management of interest rate and associated liquidity risk,
- the approach to managing investment of funds to ensure that there is adequate matching of the duration of assets with the likely duration of investors' funds, and
- monitoring the effect upon yield and liquidity of probable movements in interest rates.
- The Fund's exposure to interest rate risk is depicted in the table on page 11.

(c) Interest Rate Sensitivity

An increase of 25 basis points in interest rates for the distribution period ending on the reporting date would have increased the amount available for distribution by \$44,463 (2009: \$37,926). A decrease of 25 basis points would have had an equal but opposite effect.

The Fund's financial assets and liabilities included in the Balance Sheet are carried at fair value or amortised cost. Refer to note 14(d) for the methods and assumptions adopted in determining net fair values.

14 Financial Instruments continued

(a) Property Market Price Risk

Property market price risk is the risk that adverse movements in the market value of a property could result in financial loss to the Fund.

The objective of property market price risk management is to ensure that movements in the market value of individual properties mortgaged to the Fund do not result in financial loss to the Fund in the event of default by the borrower.

The Responsible Entity manages property market price risk by strict application of the Mortgage Lending Policy, which forms part of its investment policies. The maximum thresholds for loan to valuation ratios stipulated in the Mortgage Lending Policy are the principal mode of property market price risk management.

The Responsible Entity continually monitors general property market price trends and activity as well as local issues affecting specific geographical areas.

The measurement of the Fund's exposure to property market price risk is based upon the analysis of loans, at the time of review, being reported as being in excess of the investment policy's stipulated loan to valuation ratios.

(b) Credit risk

Credit risk represents the risk that a counter-party will fail to perform contractual obligations under a contract.

The Fund's maximum credit risk exposure at balance date in relation to each class of recognised financial assets, is the carrying amount of those assets as indicated in the Balance Sheet. Credit risk exposure for receivables reflects the underlying credit risk inherent in the Fund.

These risks are managed through the credit policies implemented by the fund. There is no concentration of credit risk in any particular industry or market segment; however all but a few mortgaged properties are within the State of Tasmania.

The Fund's cash assets are invested with Australian Authorised Deposit-taking Institutions approved by the Responsible Entity in accordance with the Fund's investment strategy.

(c) Liquidity and cash flow risk

Liquidity risk is the risk that the Fund will not be able to meet its financial obligations as they fall due. The Fund's approach to managing liquidity risk is to ensure that it will have sufficient liquidity to meet its liabilities as and when they fall due. The Fund's liquidity risk is managed on a daily basis in accordance with the Investment Policy.

INDEPENDENT AUDITOR'S REPORT TO INVESTORS OF MURDOCH CLARKE MORTGAGE FUND

We have audited the accompanying financial report of the Murdoch Clarke Mortgage Fund (the Fund) which comprises the statement of financial position as at 30 June 2010, and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year ended on that date, a summary of significant accounting policies, other explanatory notes and the directors' declaration.

Directors' Responsibility for the Financial Report

The directors of the Responsible Entity are responsible for the preparation and fair presentation of the financial report in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations), and the *Corporations Act 2001*. This responsibility includes establishing and maintaining internal controls relevant to the preparation and fair presentation of the financial report that is free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. These Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, we consider internal controls relevant to the entity's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors of the Responsible Entity, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independence

In conducting our audit we have met the independence requirements of the *Corporations Act 2001*. We have given to the directors of the Responsible Entity a written Auditor's Independence Declaration, a copy of which is attached to the directors' report.

Auditor's Opinion

In our opinion:

- 1. the financial report of Murdoch Clarke Mortgage Fund is in accordance with the *Corporations Act 2001*, including:
 - (i) giving a true and fair view of the financial position of the Fund at 30 June 2010 and of it's performance for the year ended on that date; and
 - (ii) complying with Australian Accounting Standards (including the Australian Accounting Interpretations) and the *Corporations Regulations 2001.*
