KEY ATTRIBUTES OF THE PRODUCT

The key attributes of the Product are:

- a. funds received from investors are pooled and either lent to borrowers or invested in at call or term deposit accounts with banks, credit unions and building societies, or invested in pooled mortgage schemes which are managed investment schemes regulated by the Corporations Act and are operated by responsible entities which hold Australian Financial Services Licences;
- b. loans to borrowers are interest only loans which require interest to be paid quarterly in arrears and principal to be repaid on demand by MCMML;
- c. funds lent to borrowers are secured by registered first mortgages over real property (i.e. land which is either vacant or built on) and any additional security that MCMML requires;
- d. loans are only approved on the basis of valuations of real property offered as security obtained from registered valuers or on the basis of government valuations;
- e. the proportion that the amount of a loan bears to the value of the property by which it is secured at the time the loan is first advanced (i.e. loan to valuation ratio) does not generally exceed a specified percentage which is fixed by reference to the nature of the property (i.e. whether the property is urban residential, rural residential, commercial, rural or a hotel or specialised security);
- f. as part of the loan approval process the financial position of each applicant borrower and their capacity to pay interest is assessed;
- g. the income of MCMF comes from interest payable by mortgage loan borrowers and interest accrued on money invested with banks, credit unions and building societies, and in pooled mortgage schemes;
- h. distributions are made to investors out of the income of MCMF on a quarterly basis (for the three month periods ending on 31st March, 30th June, 30th September and 31st December in each year);
- i. investors in MCMF do not have an interest in particular mortgage loans, but have an interest in the assets of MCMF as a whole;
- j. the Constitution of MCMF provides that withdrawal requests must be met within 90 days, however requests for withdrawal of funds invested will generally be met within seven days; and
- k. MCMF does not borrow or invest in the share market.
